HOOVER DEMANDS TARIFF ACTION

ANGLIM RESIGNS AS MERCHANTS GROUP SECRETARY

PASS BILL IN
2 WEEKS,
ORDER

WASHINGTON, Oct. 31.——President Hoover demanded today that the Senate pass the tariff bill in two weeks in a White House statement which, when read to that body, started a flurry among Republican leaders that left the situation apparently still as much in the air as before.

When everybody had had their say about Hoover's unexpected intervention in the tariff muddle, which came as quite a surprise, two alternatives seemed to be opened. Either regular Republicans must surrender to the Democratic-Western Republican coalition, which controls the Senate, and accept the measure it is rewriting, or continue the fight for the bill as originally written, which would mean protracted debate and long delay.

Coalition Has Vote

Senator Jones, Washington, who assumed the Republican leadership today when Senator Watson-Indiana, dropped the mantle and left for a Florida rest, advocated the former course, declaring bluntly that "the coalition has the votes and we might as well recognize it." Jones said the administration forces should accept the coalition's amendments, pass a bill and send it to conference with the house, which would be "possible" within two weeks. He immediately began conferences with coalition leaders toward this end.

But this proposal drew fire quickly from other administration leaders. And they served notice they would not consent to any such compromise, but intended to fight. Senators Reed,

**BERKELEY BANK
ROBBED OF \$700**

BERKELEY, Oct. 31.— Two bandits held up the Claremont branch of the American Trust company at 2320 Domingo avenue today, compelled E. A. Sykes, manager and Neva Palmer, teller, to lie on the floor behind a counter and escaped with \$700 in a sack.

Entering the bank, the two asked Sykes if he had a gun. When Sykes said, "no," one of the bandits produced a gun and ordered him to "stick 'em up."

One of the men produced a sack and crammed all the money in sight into it. They then left the bank and sped toward Oakland in a touring car.

Police in all bay cities were given a good description of the two men.

**Car Dealers Back
From Capital Meet**

ROY K. Dorr, Riesmond Nash dealer, and J. P. Strom, local Oakland and Pontiac dealer, returned to Richmond early yesterday from Sacramento where they attended a session of the board of directors of the Northern California Motor Car Dealers' association.

Bert Meek, director of public works, was one of the speakers at the banquet meeting in the Hotel Senator. Meek told of the highway building program.

The Sacramento Motor Car Dealers' association was host to the gathering of 200 dealers.

CHARQUINEZ ARRIVALS
New arrivals who registered at the Hotel Charquinez yesterday were: Jack Burke, San Francisco; Miss Irene M. Osgood, Burlingame; Miss Mertice Lowery and Miss Helen Skontgen.

**Gold Diggers
Of Broadway
Starts Today**

Serial story "fans" of Richmond will be given another opportunity to enjoy good nutrition today.

For this morning's issue of the RECORD HERALD contains the first installment of the famous novel, "Gold Diggers of Broadway," by Eva Bernstein.

It is the story of five chaste girls of Broadway. Four of them are "gold diggers," while the fifth is an unsuspecting girl who plays the game square. She is wildly in love with the heir to a famous fortune. The uncle of the boy is opposed to the girl, believing that she too, is a future hunter.

But how the girl finally wins the approval of the uncle and marries the boy, can only be told by Miss Bernstein.

Start this gripping story this morning and read it day by day.

**STOCK PRICES
INCREASED BY
BUYING RUSH**

NEW YORK, Oct. 31.—UP-Bullish news burst from every corner today before, during and after a stock market session running from noon to 3 p.m. with a turnover of 7,149,390 shares and with prices rising 1 to 50 points.

Buying was as frenzied today as selling had been on Monday and Tuesday. Specialists were on the floor at 10 a.m. and they had to work frantically until the opening gong of the reduced session to figure out prices on blocks of stocks which were ranging in size from 100 shares to 50,000 shares.

After the close, the New York Federal Reserve Bank reduced its rediscount rate from 6 to 5 percent and the reserve board at Washington announced a reduction in brokerage loans aggregating \$1,096,000,000, the largest decline in history. This brings the total to within \$5,538,000,000, compared with \$4,907,164,000 a year ago.

Short Session

The market session was reduced to three hours today to permit weary clerks to rest after their harrowing experiences with 10,000,000 to 16,000,000 share days in the last week. Some of them had not slept more than a few hours in the last four days.

The exchange will remain closed Friday and Saturday, reopening for regular business Monday at 10 a.m. for the next two days. Fundamentals of business. Other specialists and floor traders must remain on the floor until all their deals are cleared up.

All was serene when the market closed last night. John D. Rockefeller had said that he was buying stocks and that there was nothing to worry about in the

**NAVY TO NAME
AIR BASE SOON**

Within one week, Richmond will learn whether or not the proposed naval air base will be located here.

David S. Ingalls, assistant secretary of the navy for aviation, yesterday reported that the naval committee studying the sites offered by Richmond and other cities will make a definite announcement within a week.

Richmond, Alameda, San Mateo, Vallejo, Napa, Santa Rosa, and San Rafael have offered sites.

**FORMER AID
WILL TAKE
POST**

Clifford C. Anglim, secretary of the Richmond Merchants association and manager of the Richmond Credit Rating bureau, yesterday tendered his resignation to the board of directors of the association.

He will be succeeded by Mrs. Louella Mitchell. It was announced.

Anglim has been identified with the association and credit bureau for more than four years. He was at first employed as a collection manager for the credit bureau. Upon the resignation of Miss Marie Macdonald Jensen two years ago, Anglim was named secretary of the association and manager of the credit bureau.

Anglim is a graduate of the St. Mary's law school and was admitted to the bar in February 1928.

In announcing his resignation yesterday, Anglim declared that he will enter the practice of law and will have his offices located in Richmond.

The resignation which is effective Nov. 15, was accepted with expressions of regret by the members of the board of directors.

Miss Mitchell has been identified with the association and credit bureau for five years. She is a Richmond girl and is a graduate of the Richmond Union high school.

**Local Man Hurt
In Auto Crash**

MILWAUKEE, Wis., Oct. 31.—UP-The battered steamer Marquette limped into port here yesterday carrying survivors of her head-on crash with the steamer Senator, which sank earlier in the day.

When the Marquette docked with a gaping hole in her prow, it was revealed that only eight persons were missing in this latest series of Great Lakes disasters, instead of 25 as first feared.

The two steamers, wallowing through a heavy fog, rammed each other with a rending crash today 20 miles off shore from Port Washington, Wis. The Senator, carrying a crew of 28 and a heavy load of automobiles, sank almost immediately.

So dense was the fog that for most of the day it was feared that at least 25 of her crew had been drowned.

Captain Missing

Shortly before the Marquette docked here however, the sloop F. T. DeLoss, with 16 members of the Senator's crew and one body, nosed into the Port Washington harbor. Capt. H. Klinch of the Senator was missing and the organization are asked to be present.

**PITTSBURG STEEL MILLS
BOUGHT BY U.S. STEEL**

NEW YORK, Oct. 31.—UP—Formation common stock instead of cash.

It was announced at the Steel corporation's offices here that it was economically logical that the corporation should establish itself in the far west and that the growing demand for steel of various kinds in the Pacific coast territory makes it desirable that the corporation have its own producing plant located there.

Present annual ingot capacity of Columbia is 340,000 gross tons, which is now converted into finish products.

The Columbia Steel mills at Pittsburg are included in this purchase.

**TOTAL FOR
OCTOBER
\$55,510**

Building activities in Richmond took a decided spurt during the month of October according to records on file in the office of A. J. Hurley, city building inspector. The total for the month, \$55,510, exceeds that of \$54,340 for the same period last year and far exceeds the total for September, which amounted to \$15,875.

Four commercial building permits amounting to \$38,100 helped to swell the total for the month, but the increase was general in all classes of buildings.

Not only did the contractors benefit from this increase in building, but other industries related to construction were benefited by the general increase in new structures.

Homes for the month amounted to three, and cost \$11,800. Alterations, additions and repairs accounted for \$3,820 of the month's total. Permits issued for this class of work amounted to 27.

Garages and outbuildings were constructed to the number of 19, and cost \$1,890 to build.

Added construction is looked for during the month of November, in spite of the fact that this is supposed to be the off season for building.

If preliminary plans are completed in time, an industrial building on the inner harbor will be started, which will cost in excess of \$100,000. This figure, however, will not show on the month's total, as industrial buildings on unsubdivided property are not required to obtain a permit from the city building department.

**KIDS WILL BE KIDS,
'TWAS ALL IN FUN**

It was a wild and active night

last night. If you don't believe it, ask the police; then duck.

From dark until midnight members of the bluecoat club chased hither and yon while telephone call after telephone call caused the desk sergeant to say harsh words under his breath.

First John P. Citizen of so and so street would report that some

adoptive kids" tore down his gate,

kids removed his gate, rang the bell and made faces at it, ask the police; then duck.

Dump wagons were moved from

their parking places and placed in the middle of the street. Signs, unless they were tied, nailed and glued down, were moved to new

potholes.

Red lights were taken from

street lights and placed in the middle of the street, hung upon telephone pole cross arms and placed on house roofs.

Today the irate homeowner will

sigh, mutter "darn the kids," and

repairs the damage.

No one was killed.

Howard Flint Named Head Of Shrine Club

Howard Flint was named president of the Contra Costa Shrine Club Wednesday night at a dinner meeting in the Berkeley Country club. It was revealed here yesterday.

Al Hill, also of Richmond, was named vice-president and J. P. Strom, Richmond automobile dealer, was elected secretary. Clarence D. Horner, Richmond attorney, was an honored guest.

Professional entertainment was enjoyed during the evening.

Installation of officers will be held in the near future.

OCTOBER

Because the air is full of gold
I cannot work for gold to-day,
No dusty business-books will hold
My vision in their grip or pay,
For now the sugar-maples blaze
Upon the winding valley's edge
And from a bluff's protruding ledge
One sees the lowlands' purple haze.

Young birches, each a torch of gold
Upon a silver stem, ignite
Green knobs and granite boulders old
With autumn fires of yellow light.
Each dreamy weeping willow tree
Is magic mist in haunted ground,
And every white-oak is a mound,
A cloud, red as mahogany.

There is a hidden glen I know—
(And few can find the secret place)—
That holds a gauntlet and ancient row
Of apples of an elder race;
And thither shall I make my way,
With two or three enduring friends
Who also find that business ends
Because the air is gold to-day.

THE MODEST SEX

NOW that long skirts are—perhaps returning—for at least eight hours out of the twenty-four, the eight beginning at dinner time—Women, maybe, will once more qualify as modest, in the eyes of the purists, who of course, prove their purity by spending most of their time watching for the things they know nobody else ought to see. There was a perfectly delightful and characteristic story of such a professional Purist. In a recent news despatch from Gary, Ind., a report of the speech of Prof. Raymond Schutz, sociologist of North Manchester College. Prof. Schutz was addressing the Indiana W. C. T. U. And he said (italics ours): "I am convinced, after careful study of the subject, that no leg is beautiful enough to be bared to public gaze. Besides, such exposure has a highly exciting effect." But Prof. Schutz is simply Exhibit A in the case we are now making, with all proper—highly proper—regret, but with unshakable conviction, we submit the case for men, NOT women, as the modest sex! We've always suspected it, but current news despatches confirm the suspicion. Here, in addition to the sedate story of Schutz, are three lily-white, chemically-modest examples of masculine modesty. Cabled to New York in one day: "Italy's Men Petition Il Duce To Ban Women's Knees and Tight Dresses." And this is the story: The men of Italy plan to ask Premier Mussolini to do something about making women wear more modestly. The National Committee for Propriety in Women's Dress will submit a national petition. Signed by thousands of men in all social classes. Requesting adoption of measures check the ever-increasing indecency of women's fashions." The committee has issued its rules for "decent dress," which provide: dresses must not be see-through, transparent or low-cut; That elbows must be covered; That diaphanous or felt-colored stockings must go. And that girls' skirts must cover the knee. And skirts for women and young ladies must extend below the calf.

A DISH A DAY

By Nancy Dorris

Copyright, Press Publishing Company (New York World), 1929

A simple sweet nicely made and prettily served finishes the family dinner fittingly. Rich desserts are all very well when company has been bidden or on a feast day.

The children of the household are concerned in planning the menu for the evening meal. Desserts in which eggs and milk have an important part are favored over all others.

Custards and creams offer a pleasant excuse for adding to the regular allowances of the two little NANCY DORRIS foods. Another sweet is old fashioned.

Tapioca cream (co.) One quart whole milk One-half cup sugar One-fourth teaspoon salt One-third cup minute tapioca Two eggs One teaspoon vanilla or One tablespoon cocoa Cooking time: Twenty-five minutes in double boiler.

Whole milk gives richness to the tapioca. Almost any flavor may be used in addition. The cream need not pall because of the characteristic note. Some families like apple tapioca. For one variation of this slice and stew

Adults, Too, Prefer "No Dosing" for Colds

Millions Adopt External Remedy Made Famous As Treatment For Children's Colds

A generation ago, when Vicks VapoRub was originated, the idea of treating colds without "dosing" was almost unheard of. Today, the whole trend of medical practice is away from needless "dosing."

Mothers of young children especially have been quick to appreciate this better, external method of treating colds, because there's nothing to swallow, and, of course, nothing to upset the sensitive, delicate stomachs. Year by year more and more adults, too, have found Vicks equally good for their own colds.

Just rubbed on, Vicks acts through the skin like a poultice or plaster; and, at the same time, it releases medicated vapors which are inhaled direct to the inflamed air-passages.

Ever-increasing demand for this better method of treating colds is shown in the familiar Vick slogan. "More famous when Vicks reached '11 Million Jars Used Yearly'—later raised to '21 Million'—there are now 'Over 26 Million Jars Used Yearly.'

What Society Is Wearing

MASQUERADE PARTY HELD BY Y. L. I.

Again we come across the tucked blouse of solid fabric and fitted skirt of fancy tweed. This time it is worn by Mrs. Robert McAdoo on the Ambrose Clark estate at Old Westbury.

Novel details of the costume include intricate seamng and tucking of the blouse and a decided fitting of the hips on the skirt. This is achieved by stitching the single pleats to the waist.

Tuck accessories include a light teal batik gauze tweed bag, lace stockings, and well-cut sports exordys. A gay scarf caught to the waist by a jeweled clip pin contributes to the cheery costume.

RICHMOND P. T. A. AT BERKELEY LUNCHEON MEET

Mrs. Guanar Soderstrom, president of the Richmond council of P. T. A. headed a delegation of 47 Richmond persons who attended a luncheon held by the Sixteenth district of P. T. A. at the Hotel Clemon in Berkeley.

Miss Norah Ashfield, assistant superintendent of city schools; Miss Anna Wills, school nurse; Miss Katherine Klinecar, dean of girls at the Richmond Union High School; and A. E. Palmer, principal of the San Pablo school were included in the group.

Mr. and Mrs. L. W. Evans entertained recently at their home at a Hallowe'en costume party. Miss Genevieve Upshaw was awarded first prize for the best woman's costume while Francis Wood took honors among the men.

The guests included: Aileen Casey, Myrtle June St. Elton, William Frank Bodin, John and Bernice Corrigan, Jane Aldrich, Helen Penning, Marjorie Creegar, Dora Jean Brombacher and Adele Baker.

R. R. Martins San Pablo Church To Hold Special Musical Services

Continuing its policy of having first class musical services each Sunday night, the San Pablo Baptist church has arranged a program to be presented at the 7:30 p.m. service. It was stated yesterday that Mrs. J. E. Toussaint, well known local violinist, will be the featured artist. She will render three selections with Miss Jewell Jacqueline accompanying her at the piano.

Mrs. Harry Kern, contralto, will be the soloist, and Miss Bonnie Sisson, church organist, will present several selections.

Mrs. H. A. Stahl will be in charge of the program. She is choir director.

Richmond Man
Held On Failure
To Provide Count

Camino Mindoca, 106 Chambers Avenue, was remanded to the custody of the sheriff in lieu of \$500 bail yesterday, following arraignment before Justice of the Peace Arthur Altemus, on charge of failure to provide.

Mindoca was arrested on the complaint of Mrs. Catherine Bartolomei, county social worker, who declared that Mindoca has not provided for his six minor children, ranging between the ages of one and eleven years.

FIGHT ON POLE
UNIQUE IN
PICTURE

Something new in fist fights of ters one of many fight scenes in "Lucky Star" in which Janet Gaynor and Charles Farrell are co-starred under Frank Borzage's direction. The "ring" in this instance is the top of a telephone pole 15 feet or more of ground level. Farrell and Gaynor "box" with each other on the cross-ties. The scene is set in the middle of a country highway, with a car driving along to distract the viewer from the fight.

HIGHER TEST GAS FOR BAY REGIONS

HOOVER ORDERS TARIFF BILL PASSAGE

(Continued from Page 1)
Beginning today all users of gas for heating and cooking and general purposes in San Francisco and the east bay cities are being served a new gas of greater heat content than heretofore. Through an agreement reached between the Railroad Commission city attorneys and the Pacific Gas and Electric company, this new gas will be delivered with a heat content of approximately 625 B. T. U.'s as compared with 550 B. T. U.'s heretofore served.

The new gas is a reformed natural gas. Straight natural gas with approximately 1100 B. T. U.'s will be served next spring upon the completion of the Pacific Gas and Electric company's second pipe line from the gas fields. There is now one line in operation from the Kettnerman Hills gas fields to the metropolitan bay area coming via Hollister and San Jose. The new line will come up the San Joaquin valley to a point in the vicinity of Livermore and will tie in with the present line at Milpitas, thus furnishing a duplicate source of supply. This valley line will also be extended to Richmond, where it will tie in with the present natural gas main extending into that section. The natural gas to be served upon the completion of this second line will have heat content of approximately 1100 B. T. U.'s or two times as much heat content as the manufactured gas.

According to L. H. Newbert, division manager, it will not be necessary at this time, except in rare cases to adjust the appliances for the use of the 625 B. T. U. gas. However, some trouble is anticipated with the older types of appliances and the company is ready with a corps of men to meet any emergencies.

Newbert also states that it is not deemed advisable, in fact it would be unwise, to attempt to serve straight natural gas in the metropolitan bay area until a duplicate source of supply and dependable reserve is available. Before the present appliances can be used for straight natural gas it will be necessary to change all gas burning equipment in this area.

The company plans to convert all consumer's appliances without cost to consumers.

The company has filed with the Railroad Commission, and there is now available for consumers using gas for heating purposes a new combination rate for house-heating, cooking and water heating. This new rate, Newbert states, is designed to encourage a general use of gas for house heating.

The new gas with this new low rate will make gas fuel economical. Customers now using gas for house heating should apply for the optional rate at once.

Mrs. L. G. Eby's Father Dies In Oakland Hospital

Judge Milton Allen Maynard, father of Mrs. L. G. Eby of Richmond, passed away at the Fabiola hospital in Oakland yesterday morning, following a long illness. In addition to Mrs. Eby, the Judge is survived by a son, Milton J. Maynard, of Adrian Mich., who has been by his illness, and six grandchildren.

Judge Maynard was born in Hudson, Mass., 72 years ago, and has resided in Suisun for the past 51 years, serving as a Sonoma county jurist since 1892. Funeral services will be held in Suisun at a future date, and will be handled by Wilson and Kratzer.

Funeral services for Maynard will be held in Suisun at 2:30 tomorrow, under the auspices of the Suisun Masons, of which he has been a member for 42 years.

Protect Your Furniture

A \$1.25 to Rid Your Home of Moths May Save You Hundreds of Dollars.

MORTEMOTH KILLS MOTHS

The gas from Mortemoth crystals not only protects your furniture for a long time, but contact with it kills all moths, their eggs and their dangerous larvae in furniture which is already infested.

The proper method of using Mortemoth crystals is to tie them in small sacks, and to place these sacks down in the channel of the piece, as deeply as possible, behind the cushions, so that, upon expansion, the gas will spread and fill the spring units in the back and in the bottom of the piece.

When the sacks are empty, fill them again.

BEARS LEAVE FOR GAME IN L.A.

BERKELEY, Oct. 31.—UP—More than 50 football players of the University of Southern California headed south tonight to meet the University of Southern California at Los Angeles Saturday and make their supreme bid for nation-wide recognition.

With them went the vanguards of approximately 20,000 northern Californians who are expected to witness the contest. Steamships on extra runs and special trains will follow.

For a team that is so short in the betting odds as California is, the Golden Bears were in remarkable good humor as they left. They acted like real Hallowe'en cut-ups as they predicted they would accomplish what would be the most astonishing upset of the year. The Trojans were made 10 to 6 favorites in sporting circles here.

The Bears were sent through their last hard workout before the important game here today. Nine players seemed assured of places in the starting lineup.

They were Benny Lom, Ed Griffiths, half backs; Le and Elson, quarters; Roy Riegel's center; Schwartz and Pitts, guards; Sackett and Timmerman, tackles; and Norton, an end. The other end will be decided between Thornton and Avery. Gill or Gurney or Hickinbotham will play full back.

The Trojans, who beat the machine-like Stanford team 7 to 0, last Saturday, will find a different style of play in these men. They offer one of the best defenses on the coast and more possibility of individual excel-

BENNY LOM GIVES TROJANS BIG SCARE

LOS ANGELES, Oct. 31.—UP—University of Southern California is worrying about Benny Lom who is going to perform in the backfield for University of California in their game here Saturday.

The Trojans don't expect California to show the versatile attack they overcame to beat Stanford, but they expect to meet a more versatile lot of players. They fear that when they rush Lom's passing, and they hope to do it, that he may break away and run. It was generally conceded that Lom can outkick any of the U. S. C. booters unless the latter get away some fast blocks. That is Marshall Duffield's strong fort.

Gridders Scored Touchdown In Life

PROMINENT in the football affairs of Stanford University thirty-five years ago, 1895, was a young man named Herbert Hoover who acted as treasurer of the team and was largely responsible for its trip to Chicago, where it defeated the university eleven there. The late Walter Camp was coach of the Hoover-inspired team. In this group are, left to right, in the rear row, James Pauley, end; Martin Kennedy, now in the Diplomatic Service; Joel Field, now a Texas rancher; Charles Dole, famous pineapple grower; Arthur Burnett, public utilities; President Hoover; William Soper, now an engineer; Charles Fickert, former San Fran-

cisco District Attorney, and William Harrelson, prominent Coast banker. Center row, left to right, William Hazzard; Julie Frankenheimer, prominent surgeon; Paul Downing, General Manager of the Pacific Gas and Electric Company; Herbert Hicks, former Illinois Senator; Guy Cochran, physician and C. A. Thomas, now dead. Front row, left to right, Alfred Spaulding, hospital director; Abraham Lewis, banker, and Jackson Reynolds, President of the First National Bank in New York and prominently mentioned to head the International Bank under the Young plan.

HIGH GRIDDERS END SEASON SATURDAY

The Richmond soccer team will play the San Leandro Ibericos in the opening game of the East Bay Soccer League at Nicholl park Sunday. The kickoff is scheduled for one o'clock.

The players will meet at the Longfellow junior high school at 12 o'clock. It was announced by Ed Davies, who has charge of arrangements for the game.

A great crowd of Richmond fans is expected to journey to Lodi to see the Richmond football players go into action for the last time this year.

Richmond is optimistic about the result of Saturday's contest.

Though not particularly lucky this season, they hope to make a grand finish by defeating the strong Lodi eleven. The Richmond men have been practicing steadily, and are now at the peak of condition.

Pimlico Futurity To Be Run Today

Chicago U To Meet Princeton

CHICAGO, Oct. 31.—UP—The football team of the University of Chicago was on its way east tonight to battle with Princeton Saturday.

Coach Steggs took only 26 men representing the United Show Machinery company of Leicester, England, won the tournament, defeating a team representing the local plant of that company, 12 games to 8.

Yale Set For Dartmouth Game

NEW HAVEN, Conn., Oct. 31.—With its hopes for victory almost entirely dependent upon one player—Abe Booth—Yale today completed strenuous practice for Saturday's game with Dartmouth. The entire Yale squad is in good physician condition and showing better form than at any time this season but Booth remains the only important Eli scoring threat.

Dartmouth, favored to win, never has defeated Yale and has one tie to its credit. Yale fans point out that the visitors have been favored on many previous occasions only to be defeated.

This was learned when 40 bears appeared bright and early

inspector here, and several agents were raiding a saloon, Slotzenberg, appeared at the side door.

"When do you want this bear?" he shouted.

"Right now," replied Kehoe, assuming the role of proprietor.

"How much have you?"

"Two halves."

"We'll be right out after it," returned Kehoe.

And they didn't fool him, either.

GAGE LEAGUE TO START MONDAY

Mayor A. L. Paulsen will officially start the 1929-1930 Richmond league basketball season on Monday night when he throws the first basketball into the floor of the Roosevelt athletic gymnasium.

The first night of the season will be a gala event, and the fight to see their favorites return to the waxed floor. A special card of three games will be played, with six of the strongest teams of the district furnishing the excitement.

The Mastercraft Roofers and the Santa Fe teams will meet at 7:30 o'clock in a B division contest. The Union Oil squad and Garfield's will clash at 8:00 o'clock. These two teams are members of the A division. Ben Malin's third racer did not finish. Back stroke, Tire, Two laps, free style, Collins (L), Foral (L), third racer did not finish. Back stroke, Lorello (L), Bidd (L), Pierini (R). Diving, Lorello (R), Avilla (R), Perek (R). Relay, Rose.

The results of the meet was as follows: One lap, Fréderick (L), first; Collins (L), second; Bond (R), third. One lap, breast stroke, Fresendorf (L), Penne (R), Bonelli (L), Two laps, free style, Collins (L), Foral (L), third racer did not finish. Back stroke, Lorello (L), Bidd (L), Pierini (R). Diving, Lorello (R), Avilla (R), Perek (R). Relay, Rose.

The city league promises to be one of the most interesting and hard fought since the beginning of the league. The members of the A division of the league are: Santa Fe, Furriers, Garfinkles, Studtaker, Oleum, and Maliks.

The entrants in the B league are: No. 2 Santa Fe, Civic Center, Tire Co., Redmen, Mammy's Place, Santa Fe Indians, and the Master Craft Roofers.

All of these teams contain players who have seen action in previous seasons, and who are certain to set a high playing standard in the present league. The city basketball league has attained a high measure of success during past years, and, with the support of the fans of Richmond, this success is expected to be repeated.

The league is under the direction of W. L. Seawright, who has been chairman for many seasons.

The local basketball season will end in February, and the winners of the A and B divisions of the city league will then meet in a championship contest.

Nimrod Shoots 5173 Rabbits

PHOENIX, Ariz., Oct. 31.—UP—What is believed to be a world's record for rabbit hunting ended here recently when Mack Taylor, rodent control specialist, returned to headquarters of the local biological survey with the hides of 5173 jackrabbits tucked under his arm.

Taylor shot the rabbits in southern Arizona, where he had been sent to demonstrate to farmers and stockmen that rabbits really can be controlled with ease.

The animals performed all sorts of antics before the camera as if they were enjoying the experience, but they refused to grant or make a single sound when the microphone was placed among them.

Finally a little molasses was placed around the mouthpiece and soon the lap-lap of a brain "mike" will be heard around the world.

Bears have shown a tendency to be bashful before still cameras but by visitors, but the movie camera—well, that's different!

They enjoy it as much as any beauty.

Hard' Football Team Makes Record

IRON RIVER, Mich.—"Hard as a rock," means something in football, too. The high school football team at Rock, a village near here, won its first game of the season 103 to 0, and its second 130 to 0.

JACK BEASLEY, JERNIGAN TO TANGLE

Jack Beasley, Oakland heavyweight, and Ted Jernigan, also of Oakland, are ready today for the ten round male event tonight at El Cerrito.

Although the battle is scheduled for ten rounds, the punching power and boxing ability of the two indicate that the fight will not last the limit. Both boxers have been fighting for some time and know the ring game from A to Z, and betting circles around the bay are offering even money with a little tendency toward Beasley as favorite.

Beasley is known as a terrific punching himself, and that, coupled with his weight may make him a favorite before the gong sounds tonight.

However, Jernigan can do a little punching himself, and is considered a clever boxer than Beasley and will undoubtedly concede a little weight to his opponent.

A strong supporting card of preliminaries has been arranged by Joe Rossi, El Cerrito promoter headed by Jack Fasano and Joe Cheney.

Feaso and Cheney will clash in the semi-final over the six round route.

Fasano, who hails from Fresno, has an enviable reputation, having fought such well-known fighters as Babe Anderson, Joe Vargas, and Baby Joe Gane.

Other preliminary bouts are: Joe Limas vs. Albert Lee; Jack Hayes, va. Julius Munier, and Frank Pyle vs. Lawrence Alibar. Each of these bouts will go four rounds or less.

Motor Caravan To Grid Game

NEW ORLEANS La.—"You're out," shouted Willie Huston, 16-year old Negro boy as he threw a ball from first to second base on the neighborhood diamond to retire Nathaniel Burns, 13, Negro, the runner. The ball struck Nathaniel above the heart. He collapsed and died.

Extensive preparations have been made for an auto caravan from Richmond to Antioch to view the American Legion football game there Sunday.

The motorists will assemble at the Memorial Hall at 10 o'clock and will drive in a body.

MISSING IN CRASH OF LAKE VESSELS

(Continued, from Page 1) with his ship.

A few hours later the Marquette with her plates weakened and with water rushing into her hold, managed to make port here. She had aboard three members of the Senator's crew. 20 men thus were accounted for.

Ships Crash

Sailors aboard the Marquette said the two ships had their fog horns blowing while their looks tried in vain to see ahead. Suddenly there was a resounding crash, the prows of the two boats interlocked, and then the Senator sank.

Pumps were started immediately on the Marquette, whose master, W. F. Ambserry, feared she also would founder. He backed her away from the rapidly sinking Senator, picked up three of the survivors, and hurried to port. The De Loss and four other fishing boats arrived meantime to rescue the Senator's crew scattered in the fog hidden water.

All survivors were transferred to the De Loss, while the other boats continued the search for bodies. It was feared the eight missing would be found dead, if at all. So quickly did the Senator sink, that most of her crew found it impossible to don life preservers or launch boats.

Mrs. Redding Will Visit Grave Of Son

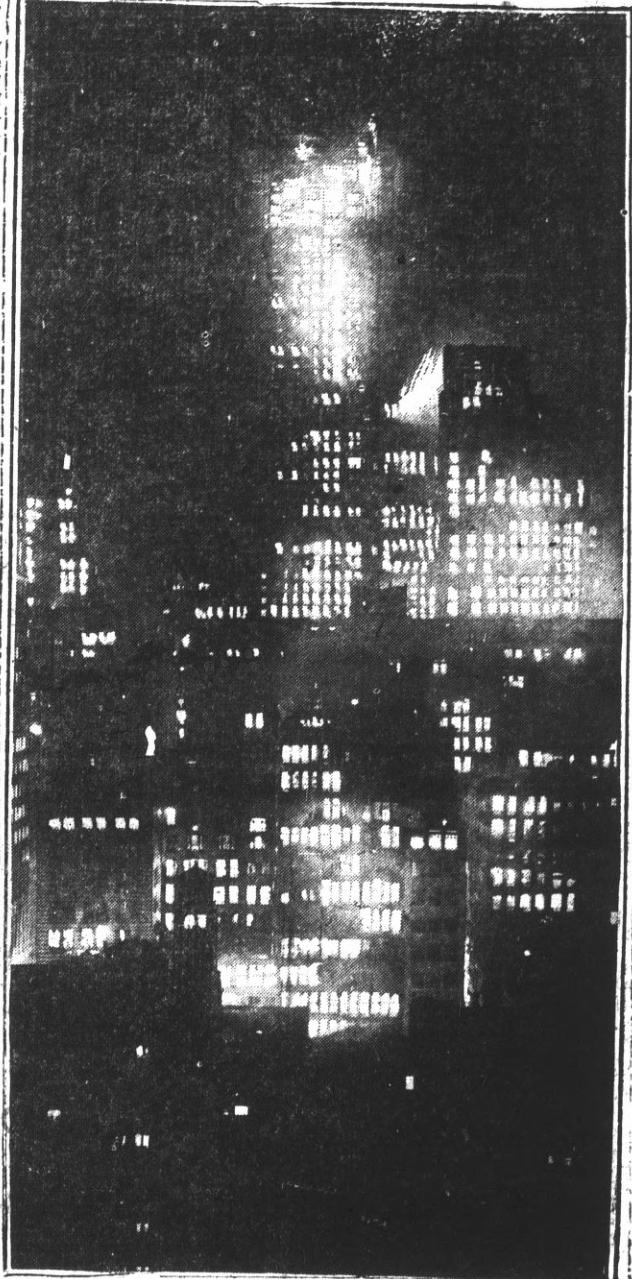

Mrs. Lucy Redding, 418 Liberty street, El Cerrito, president of the American War Mothers chapter of Richmond, has received word of her eligibility to make a pilgrimage to France next summer, provided by the U. S. war department.

Widows and mothers of men killed in the World War and buried in France are enabled to visit the graves through an act of Congress. Mrs. Redding is a gold star mother. Her son, Earl, was killed in battle. For many months he was reported as missing in action. Definite word of his death was received when one of his buddies wrote a letter to Mrs. Redding.

A Boston woman who recently visited the battle field, took some pictures of the graves. One of the crosses bore the name Earl Redding. Through the Veterans-Bureau and the Red Cross, Mrs. Redding received a picture of her son's last resting place.

Mrs. Lily Burleson MacDonald of Berkeley, has also been selected for the journey.

Plane Disaster Causes Told To Aviation Club

The causes of many airplane disasters was illustrated yesterday by Prof. John E. Younger of the aviation department of the University of California yesterday before a group of aviation enthusiasts of Richmond Union high school.

The particular cause with which his experiment deal was wing flutter. He illustrated this natural phenomenon by placing a model of an airplane swing in a "wind tunnel" built by himself. A strong wind was forced thru the curved box. The wings showed the jerking effect caused by improper designing. He painted the wings with titanium tetrachloride, the chemical used in making smoke screens, and then turned on the pressure to show the currents which hinder the progress of an airplane. Younger also showed how this "drag" can be avoided by proper balancing of the wing. The effect of wind currents on a scale model of the Graf Zeppelin was also shown.

A movie showing further technicalities of wing flutter were shown. The picture was taken by the United States Aviation survey.

Exhibition flights were made by aircraft models constructed by the members of the Aviation club of Richmond Union high school.

The program was sponsored by the Richmond high school Aviation club. Harry Tezzi is president of the organization and Herbert Welch is faculty advisor.

Mrs. Scofield Guest Artist At School Concert

Mrs. Earl Scofield was guest artist at the program presented at the Longfellow Junior High School yesterday at noon.

Mrs. Scofield, who was accompanied by Mrs. Myrtle Smith, presented a number of delightful children's songs. Miss Jean Moyle will present a series of dramatic readings next Thursday.

El Cerrito Pair Freed On Bail

Aileen Lewis, proprietor of a hamburger stand on San Pablo avenue at Blake street, and Ray Palmer, a Standard Oil worker, were released on \$500 bail each yesterday. The two were arrested and arraigned before Justice of the Peace Arthur Alstrom on charges of contributing to the delinquency of a minor.

Buying Rush Starts Stock Prices Upward

(Continued from Page 1) leaders had made similar expressions and stocks had closed with a bang upwards.

Extra Dividends

Early this morning it was learned that the Bank of England had reduced its rediscount rate from 6 1/2 to 6 per cent.

Several companies declared extra dividends, including Standard Oil of Indiana, Warren Brothers, New Jersey Zinc, and F. & W. Grand. Consolidated Gas raised its dividend rate from \$3 to \$4, and U. S. Dairy raised.

Reports Favorable

Then, too, corporation reports were favorable. Shortly afternoon it was announced that United States Steel corporation had taken over Columbia Steel company of California.

All of these factors combined with a changed market psychology to bring in buying orders on an unprecedented scale.

Orders flooded in from all parts of the country. Brokers wires hummed all day and tired traders had more work than they planned on. Some houses had to turn down orders.

As it was, the tickers were swamped. The stock ticker was more than an hour late when the closing gong rang. It printed the last quotation at 5:48.

Bonds Good

Yesterday the total sales were 10,727,300 shares for a full five-hour day. On Tuesday they totalled 16,410,030. Last Thursday, the second largest day, the total reached 12,840,650.

The extent of today's advance can be seen by the rise in the following Dow, Jones & Company average.

30 representative industrial, \$273.51, up \$15.04.

20 representative rails, \$159.82, up \$7.16.

Business in bonds was done at the second rate of nearly \$30,000,000 shares for a full session. Sales came close to \$18,000,000 during the brief 3-hour period. Such activity, with prices in many issues declining, gave evidence of unloading on bonds by holders who were again turning to the stock market.

Longfellow Jr. School Prepares For Annual Play

Assisted by Miss Irma Kruse, the Torchbearers of the Longfellow junior high school are intently rehearsing their parts in the school play "The Missing Ring," which will be presented at the Roosevelt auditorium on Friday night, Nov. 16.

One interesting feature of this play is that the spirit of the play lies in the "noting section."

Characters taking part are:

Donald Minor, Adele Thomas, Eric Gillard, Ruth Horton, Kathryn Campbell, Archer Nippes, Stanley Anderson, Thelma Williams, Eleanor Galbraith, Dorothy Westwood, Helen Van Marter, Violet Evans, Neva Brano, Lorne Manthorne, Leo White and Mary Ellen Foley.

The posters to advertise the play are nearing completion and tickets will be on sale next week.

Continued from Page 1)
O'Donnell, Richmond yard master

The piece of joint track was originally built by the Santa Fe, when it connected with the new terminal at the time construction started, but since that time, the Southern Pacific has acquired a half interest in it.

Due to the completion of the Southern Pacific drill track, the inner harbor is now on direct rails of the two big railroads.

The Ford plant, the Filene and Perrelli cannery and other industries that may locate on the inner harbor, will also be served by the new track.

Integrity...

AMID the chaos of the Civil War and its aftermath, pioneer bankers of California laid the foundation of our State's strong financial structure. The safeguards of close regulation and supervision were yet to be established. Personal integrity was the bedrock upon which they built.

Into the history of the Bank of America, extending to 1860, are woven these pioneer ideals of honor and integrity. As California's largest State bank it is a custodian of these traditions.

The Bank of America meets the tests of integrity by the calibre of its daily transactions—by uncompromising fidelity to the policies of sound banking. Its progressive development is based upon the ability to meet, with faithfulness and integrity, the banking requirements of an exacting age.

The men of the Pony Express, riding alone, braving every danger, faithful to their trust, are worthy symbols of integrity that knows no compromise.
